A MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

August marks the 6th month of restrictions and impacts of Covid 19. The closure of gathering places and events has had an impact like nothing we have seen in generations. On top of this unique obstacle, mother nature has been unpredictable with extremes of rain, hail, and heat, extending the challenges facing the agriculture industry.

AAAS continues to advocate for the recognition of the challenges to our members, in hopes to gain support from all levels of government. Our request to expedite the annual grant was implemented and the Ag Society grants were distributed earlier than usual. AAAS also recognized the financial situation most of our members would be faced with due to the inability to generate revenue. Much like any other small business in Alberta the ability to pay staff, utilities, and maintain facilities without generating revenue becomes an impossibility.

AAAS utilized the “Hudson Report” with the assistance of Richard Hudson, to generate “lost of net revenue” information inspiring our request for \$18,000,000 in emergency support. Unfortunately, this request was denied by the government of Alberta. AAAS has identified, and shared with government leaders, that most provincial and federal support programs will not benefit our members.

The Canadian Association of Fairs and Exhibitions (CAFÉ) has presented a request for national support for the fair industry. \$74 million in support has been requested for the 733 fairs across Canada. AAAS has supported this request and requested that the provincial Agriculture Minister and the Government of Alberta support this request as well. On June 27, Minister Dreeshen forwarded a letter to the Federal Minister of Agriculture supporting the CAFÉ request. There has been no response to date. There have been several Ag Societies who have contacted AAAS with concerns over the 2021 Ag Society grant process and the fact that the restrictions on events will directly affect the value of the funding received next year. AAAS has already begun the advocacy for repeat funding for 2021. We will be making a formal request to have the same funding as 2020 provided in 2021. Ensuring those organizations in good standing would receive the resources necessary to maintain current and future operations.

One of the things that has always stood out for Agricultural Societies is the resiliency and ingenuity of the volunteers. As much as the Covid restrictions have taken the wind out of our sails, the people in the Ag Society have creatively served their communities. As our ability to gather crowds diminished, volunteers mobilized for their neighbors. It has been truly inspiring to hear how our members have adapted, reinvented, or created opportunity to continue to drive vibrancy and strengthen community.

There is a saying that goes “Never waste a good crisis.”. There is no doubt that there is a crisis. There are also opportunities. A chance to look at what we do, who we do it for and why. Time to evaluate everything. Our volunteers and staff are always so busy organizing, implementing, and activating that we seldom get the chance to evaluate. I encourage all organization, including AAAS, to take this time to ensure our bylaws, policies, and procedures are up to date and reflect our current and future organizations. We have the time to take an honest look at what is working and what could change.

Once we understand where we are, we can begin to build a strategy to emerge from this crisis stronger and more focused on what is important to our success and the success of the community we serve. More than ever Albertans need the Ag Societies to build confidence in a way forward.

As always, our office is open and ready to assist members in any way we can. Please do not hesitate to contact Maria, Nathan, or myself. Together we will continue to succeed.

Sincerely,
Tim Carson,

*Chief Executive Officer
Alberta Association of Agricultural Societies*

ALBERTA AGRICULTURE AND FORESTRY UPDATE

ty's unique needs, all Ag Societies must review and update their bylaws to be in compliance with the new Agricultural Societies Act and Regulations over the next two years.

One of the best ways to ensure your bylaws are in compliance and serve to help your organization maintain good governance, is to take advantage of AAAS's Bylaw Review Workshops which are being conducted using internet-based interfaces to ensure COVID-19 restrictions are being adhered to.

AAAS has updated their Recommended Best Practice Agricultural Society Bylaws template to be in compliance with the new regulation. Following best practices should greatly speed up approval times and eliminate timely and frustrating reciprocal revisions between your society and Agriculture and Forestry.

While not exactly everyone's favourite summer time activity, reviewing and updating your bylaws now will enable them to be approved by your membership at your next AGM. This eliminates the more onerous requirement to otherwise call a special general meeting and pass a special resolution.

My program staff are also available to answer any questions you may have related to updating your bylaws. As time permits, and with sufficient lead time, we may even be able to review them prior to your AGM. Enjoy the rest of the summer,

I hope everyone is successfully navigating these challenging times. These are definitely uncharted waters for us all! Now, more than ever, Agricultural Societies play an important role in the rural Alberta landscape. As we are already past the one-year anniversary of the coming into force of the Agricultural Societies Amendment Act, on July 1, 2019, I thought I would take this opportunity to remind you of the greater organizational flexibility Ag Societies now have with the new legislation.

To take advantage of this new flexibility based on your own communi-

YOUR RURAL LIFESTYLE STORE

For decades, Peavey Mart stores have been active members of Western Canadian communities and a gathering place for neighbours to trade stories and advice.

Today, there is still no place quite like a Peavey Mart; our corporate head office and distribution centre are still in Red Deer too, where we started. Having made one recent addition, parent company Peavey Industries LP now also operates a regional office and distribution centre in London, Ontario supporting our TSC Stores there.

Peavey Mart stores serve 40 Western Canadian communities across four provinces, with our newest location in Edmonton (Yellowhead and St. Albert Trail) opening last winter. We are proud to continue to offer unique products, top brand names and down to earth service in our stores.

AG SOCIETIES—COVID RESPONSE

Our Ag Societies have always been a cornerstone in their communities in times of crisis. It is no surprise when our AG Societies step up to do something different to support the people during the Covid-19 Pandemic.

Lloydminster Agricultural Exhibition Association

The Lloydminster Exhibition Association spent the Easter weekend helping residents share in Easter dinner. With many people were cancelling their holiday meals with family or feeling unsafe to go to the grocery store for fear of getting sick, the Exhibition decided to get their staff together and began making traditional meals.

Crossfield AG Society, together with the Madden AG Society

If COVID-19 has taught us one thing, it's that we have to learn to adapt to our "new normal". Fresh fruit and veggies may not be as easily accessible to you or your family as they once were. Thanks to an amazing Provincial grant, the "Social Services Support for COVID-19", the Madden AG Society, together with the Crossfield AG Society are pleased to present the **Helping Hands Produce Program**.

Both Ag societies were also able to cost share several **SKILL BUILDING COURSES** for adults and youth, to help better their knowledge, provide food for their families and keep their mental health in check! These courses were: growing microgreens, making jam, learning about fermentation, drying & cooking with fresh herbs, making salsa & pasta sauce and milling grain to make fresh bread. Along with the skill building classes, we are also able to offer Fresh Produce Boxes to community members as well throughout the month of August. All courses were held at the "Honest Box" - which is located just west of Carstairs. The Honest Box is ran by the Aarsby Family who have been farming in the Carstairs area for five generations! They have always grown large gardens and have raised many types of animals. More recently though they have developed a deep passion for sharing great food with family and friends.

The produce boxes are from Souto Farms near Crossfield, a local family business that grows fruit and vegetables and are third generation fruit farmers. Souto Farms was built on three key values: community, integrity and sustainability. The Madden AG Society and Crossfield AG Society are extremely proud to be working with both family businesses and providing skill building courses and sustainable food for our communities

The video is based around small tractors and safe operation.

- Personal protective gear
- Pre trip inspection
- Three point contact when mounting equipment
- Post trip
- Grounding of implements

Every year, there is injuries involving small acreage tractors. Our hope is that we can help point out a few of the bad habits to prevent that. Taking the time to check your equipment before use can save a lot of down time and injury. Even though we might not be in an industrial environment, the same safety precautions should be implemented.

Follow us as we walk through the simple pre trip points that should be looked at. Noting that you need to look at many of the different components. From the engine to the hydraulics.

Also what your wear is important. Not wearing the right gear means that you do not have your last line of defense.

Please enjoy, and be safe.

FINANCIAL RESOURCES

Canada Student Service Grant

The Canada Student Service Grant (CSSG) is a new national service initiative that provides between \$1,000 and \$5,000 to eligible post-secondary students and recent graduates that volunteer to help their communities during the COVID 19 pandemic. Volunteer hours must be completed between June 25 and October 31, 2020. Visit their website for more information and to apply: www.iwanttohelp.org

Canada Emergency Wage Subsidy (CEWS)

The Canada Emergency Wage Subsidy would cover 75% of an employee's wages, up to \$847 per week, for employers of all sizes and across all sectors who have suffered a drop in gross revenues of at least 15% in March, and 30% in April and May. To be eligible to receive the wage subsidy, you must:

- be an eligible employer
- have experienced an eligible reduction in revenue, and
- have had a CRA payroll account on March 15, 2020

<https://www.canada.ca/en/revenue-agency/services/subsidy/emergency-wage-subsidy/cews-who-eligible-employer.html>

Business Credit Availability Program (BCAP)

The Business Credit Availability Program (BCAP) will allow the Business Development Bank of Canada (BDC) and Export Development Canada (EDC) to provide more than \$10 billion of additional support, largely targeted to small and medium-sized businesses. This will be an effective tool for helping viable Canadian businesses remain resilient during these very uncertain times. BDC and EDC are cooperating with private sector lenders to coordinate on credit solutions for individual businesses, including in sectors such as oil and gas, air transportation and tourism. The near term credit available to farmers and the agri-food sector will also be increased through Farm Credit Canada.

Small and Medium Enterprise Relaunch Grant

offering financial assistance to Alberta businesses, cooperatives, and non-profit organizations. Eligible organizations can apply for 15 per cent of their pre-COVID-19 revenue, up to a maximum of \$5,000 in funding. Some key criteria includes enterprises that:

- Were ordered to close or curtail operations as a result of public health orders;
- Experienced a revenue reduction of at least 50 per cent in April and/or May 2020, due to the COVID-19 pandemic;
- Have 500 or fewer employees.

OPEN FARM DAYS UPDATE

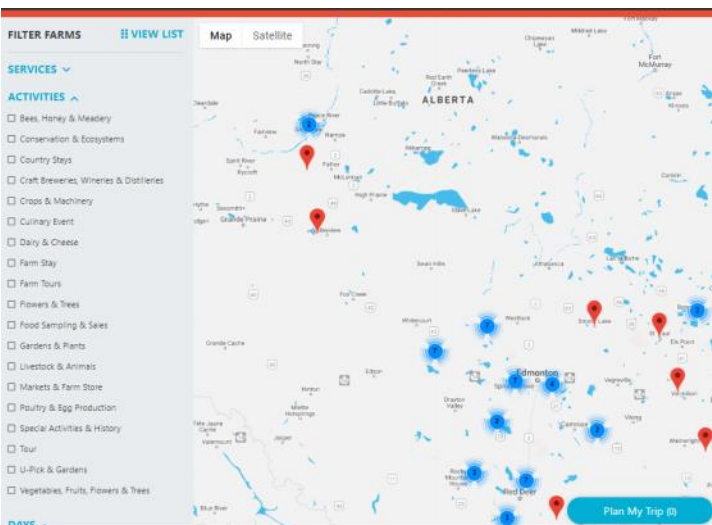

Alberta Open Farm Days is happening on August 15th and 16th Due to Covid-19. Many of the things that we have grown to love such as donning bee suits and packing onto a wagon ride will look different. What won't be different will be the thrill of visiting a farm for the first time, from seeing animals, tasting local food and experiencing the beautiful scenery of rural Alberta. One major change is that we are asking attendees to schedule visits with farms from the farm profiles on our website. This will require a little more planning on behalf of our attendees.

How do you plan a trip and schedule your visits? We've got you covered in the instructions below .

PLANNING A BENCH SHOW

Using a step-by-step format, this guide provides good reference for anyone planning their first bench show. The hints, activities and ideas are also useful to established committees looking for ideas to improve their show. It covers such topics as developing a plan, budgeting, working with volunteers, preparing the prize list, advertising, hiring judges, displaying exhibits, and evaluation. It also includes worksheets that can serve as an ongoing record for future planning committees. This workbook comes three-hole punched, and is ready to be inserted into any standard binder.

JUDGING STANDARDS FOR FOODS, SEWING & HANDICRAFTS

This judging standards publication has been created to achieve the following:

- Indicate standards of quality for a variety of food products, sewing and handicraft articles.
- Aid judges by identifying specific techniques and methods characteristic of that product and by suggesting points to consider relative to texture, flavour, design, etc. of that article. Where a type of food product or craft technique is not included, it is suggested that the standards of a similar product be used, or that general standards be applied, at the discretion of the judge.

Help exhibitors by identifying the desired qualities of the product

JUDGING STANDARDS FOR HORTICULTURAL SHOWS

This is a revision of the old Judging Standards for Horticultural Shows. It is THE book that Alberta Horticultural Association judges will follow when judging exhibits. This new edition simplifies the guidelines so that beginner and novice alike can interpret them with little difficulty, while providing clarity for the more experienced judge and exhibitor.

- updated information on all flower, vegetable and fruit classes
- a recommended show schedule including correct terminology and wording
- an updated scales of points
- sections on photography, floral arrangements, judging systems, planning a show, yards and gardens, agricultural exhibits and much more!

Judging and Exhibiting Standards for Horticultural Shows is a must-have for judges, exhibitors and anyone interested in horticultural shows.
